"During our high school years at F. H. S., there have been many times when we needed someone to help us with our many activities. Always, we found we could turn to Mr. Hugh Houston, for assistance and advice with any problems we might have. So, we, the annual staff, proudly dedicate the '64 TIGER to Mr. Hugh Houston, for whom we hold such high regard as a teacher and a friend,

A black and white photograph of the Washington Monument, a tall, slender obelisk, rising into a bright sky. The monument is partially framed by the dark, intricate branches of trees in the foreground. The branches are bare, suggesting a late autumn or winter setting. The overall mood is serene and contemplative.

## Seniors

"Be Americans. Let there be no sectionalism, no North, South, East or West; you are all dependent one on another . . . In one word, be a nation . . ."
